

Vertical Compactors

Features & Benefits

- All machines provide 30 second cycle time and have 3HP motor
- The container stops on the VIP can be easily changed from front to back to convert the unit to a front or rear-feed application
- Reduces overall cost of solid waste or recycling expenses
- Reduces hauling by 3:1 and is environmentally friendly
- Reduces labor costs and disposal fees
- Feed door automatically locks to prevent unauthorized use of unit
- The VIP can be fed from inside a building with a security chute for controlled access

Designed For

- Shopping Plazas
- Restaurants
- Cafeterias
- Fast Food Locations
- Hospitals
- Nursing Homes
- Supermarkets
- Hotels
- School
